THE FAMILY CAR REINVENTED

Featuring the length of an estate, the spaciousness of an MPV and the robust style of an SUV, Dacia Jogger surprises by combining the best of these categories in a 7-seater family car. Versatile, elegant and affordable, Jogger fully embodies the Dacia spirit.

DESIGNED FOR ADVENTURE

Elevated ground clearance marked wheel arches, and modular roof bars - Dacia Jogger boasts a robust design that adapts to all roads, designed for an action-packed family life.

Experience the adventure to the fullest with its EXTREME level, with an even more pronounced outdoor spirit: Copper Brown mirrors, alloy wheels, and a shark fin antenna coated in Glossy Black. A unique style signed by distinctive elements with topographical patterns for better identification.

In keeping with the times, the new model's Y-shaped brand light confirms its kinship with the new Dacia generation. The LED dipped headlights provide more intense lighting at night. At the rear, the vertical positioning of the lights broadens the tailgate opening, optimizing boot access.

MUCH MORE THAN FUNCTIONAL

Interior design is as functional as it is comfortable. The wide dashboard accentuates the impression of space. A textile strip running across the dashboard* provides a clean, uncluttered look that makes it easier to read the instrument panel and the multimedia screen above. The lower area provides easy access to the air conditioning and driver assistance system controls. The rear boasts impressive versatility.

For a 100% elegant and dynamic style, opt for the new Extreme trim level. Featuring washable MicroCloud fabric with copper-brown topstitching. The Extreme also features copper-brown front door molding, rear view camera, climate control, hands-free card, rubber floor mat and door sill with topographical patterns.

To extend the experience, go off the beaten track thanks to the Extended Grip Function which improves driveability.

WE'VE GOT YOU COVERED
